### President's Report

Lisa went to the state meeting. They recommended we apply for the Delaware exemption. We will need to do by-laws by July 1<sup>st</sup>. These are new Free State PTA by-laws. FSPTA.com has everything up on the site. They are still working out the technical side of things but they hope to be able to accept the by-laws electronically.

There are multiple scholarships available through the AACC PTA and TAACC.

- Venue options - Admin was sent three options - our own gym, movie theater and bowling alley. Movie theater was eliminated. Survey will close this Friday at dismissal. Cost is similar for both options. Admin has additional questions which Susan will ask about and will also go visit. If admin decides they are not comfortable with it, they can take it off as an option.
- Community policing can come talk to students about drinking and driving. Susan asked them about patrolling if the event is at the bowling alley. Susan was told that after a decision is made to reach out to see what they are able to do.
- Committees: food, decoration, prize. So far there are 6-7 people on each committee. There are about 20 others who have said they want to help.

- Stephanie reached out to the gym teachers regarding shoes in the event that a student does not have appropriate shoes and is unable to get a pair. Mr. Cossentino responded and forwarded the email to Ms. Drummond and the PPW. He said this is a rare need but it could be something the PTSA could support.
